In a constant effort to create the best products, **TECHLAM** arrives with a new collection exceeding all expectations. New exclusive designs hand in hand with the most advanced technology.

HIGH END SINTERED STONE SURFACES

20
24

Techlam[®], reference brand of Levantina Group

TECHLAM By Levantina was established in 2006 as the first Sintered Stone factory in Spain and second worldwide. The company group was founded in 1959.

More than 15 years in the ceramic sector guarantee our knowledge in large-format XXL sintered stone. With our own production plant, equipped with the highest technology and a professionalized human team, LEVANTINA TECHLAM[®] guarantees the highest quality in all production processes from beginning to end.

During 2023, Levantina invested in a second Sintered Stone production facility in Spain with over 50 million euros investment on the latest and most cutting-edge technology in the industry worldwide.

MISSION

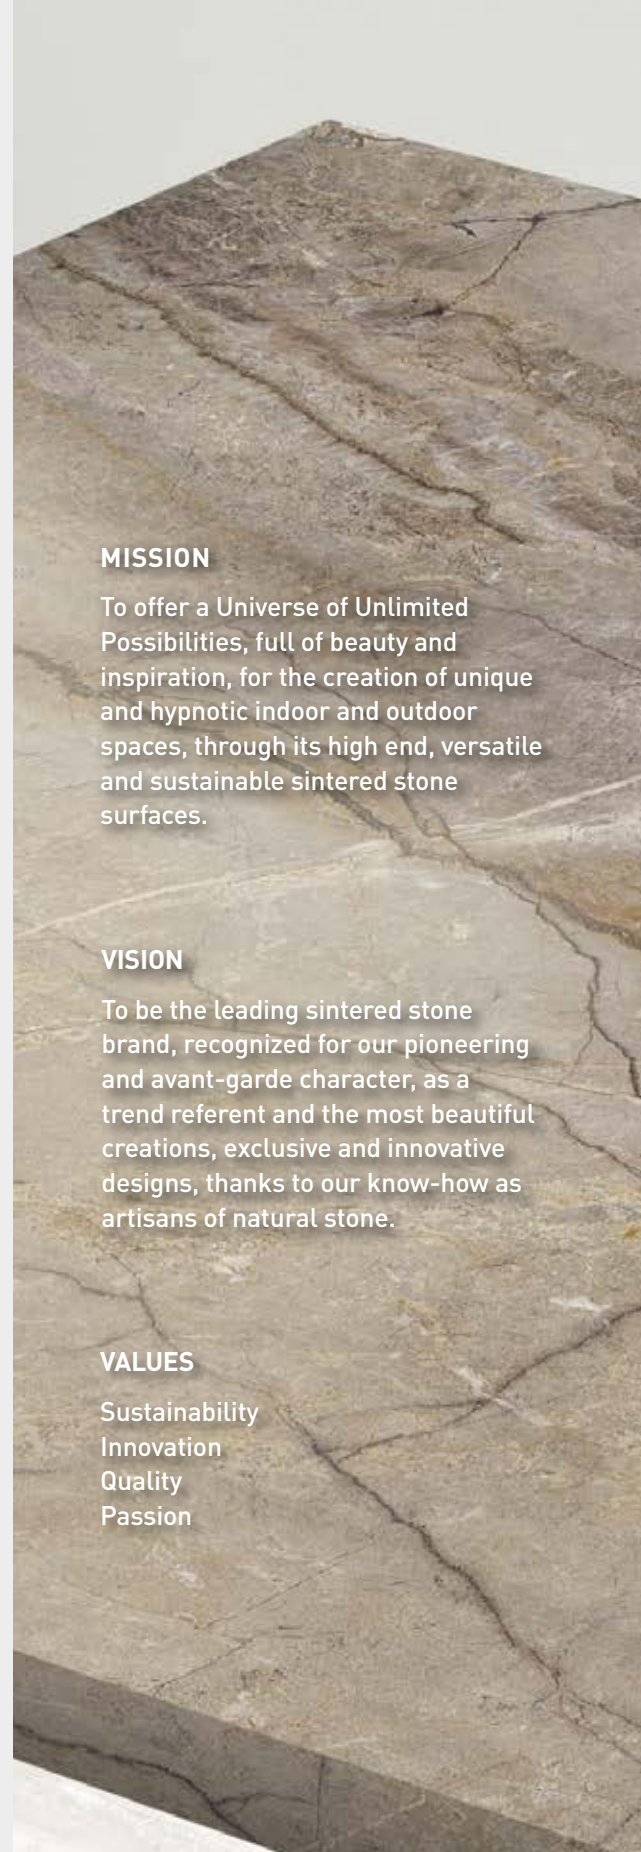

To offer a Universe of Unlimited Possibilities, full of beauty and inspiration, for the creation of unique and hypnotic indoor and outdoor spaces, through its high end, versatile and sustainable sintered stone surfaces.

VISION

To be the leading sintered stone brand, recognized for our pioneering and avant-garde character, as a trend referent and the most beautiful creations, exclusive and innovative designs, thanks to our know-how as artisans of natural stone.

VALUES

Sustainability
Innovation
Quality
Passion

Sizes & thickness

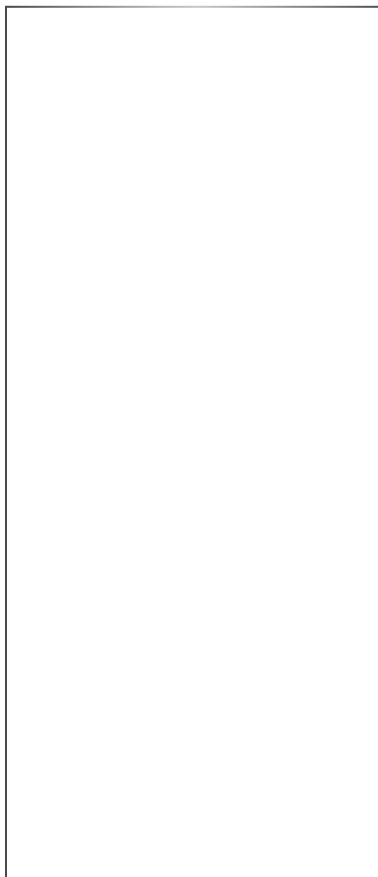

The thinnest & most light weight large format sintered stone surfaces.

A product designed to be the number one solution, with endless applications.

Size **3200 x 1600 mm**
Thickness **6, 12 & 20 mm**

Size **2800 x 1200 mm**
Thickness **6 mm**

Other TECHLAM sizes

TECHLAM factory also produces in thickness of 3 & 5 mm and size of 3000 x 1000 mm, with another colour range not specified in this brochure.

Finishes

PREMIUM POLISHED

A glossy and smooth finish with a mirror shine effect, enhancing the elegance of the surface.

PREMIUM POLISHED *Crystal effect*

Polished with shimmer effect and a higher depth achieved through crystal technology giving an iridescent effect.

MATT ULTRASOFT

A completely matt finish surface.

BUSH HAMMERED

A revolutionary finish in the ceramic sector which texture maximises the non-slip properties of Techlam.

SLATE

The roughness of hewn stone comes out as a perfect solution for flooring and extra touch of decoration.

3D CARVING

A silk finish surface that integrates 3D technology to provide texture in the vein of the stone.
